# BIOGRAPHY

DJ Vlader

***"The club is just an empty room, the drinks are the same all over the world - but as a DJ, I create magic through my music!"***

Since 2024, Vlader has been the official DJ for Rick Ross's Maybach Music Group, captivating audiences with his unique sound. Discover why the rap star trusts Vlader's magic and how he has ruled the stage for decades as a hidden champion. Here's a glimpse into the career of DJ Vlader, the artist, entrepreneur, and global phenomenon.

One thing is clear: Vlader is a DJ in high demand, touring the USA, Asia, and Europe. Far from reaching his peak, he's set to release an album featuring many world-renowned artists he's already collaborated with. In 2010, Vlader became part of the "Shadyville DJs," a prestigious DJ crew around Eminem and Dr. Dre, including only a handful of European DJs. Fifteen years later, Vlader's relevance has only grown stronger.

## ***Vlader in Facts, Figures, and Data:***

What do Snoop Dogg, Daddy Yankee, Sean Paul, and 6ix9ine have in common? They've all had DJ Vlader as their tour DJ. His collaboration history includes legends like the late DMX and Latino superstar Bad Bunny. Vlader's name is now a brand, and here's a stat that underscores his impact: the artists he's worked with collectively boast over 217 million Instagram followers.

## ***DJ Vlader as a Brand: The Intelligent DJ Who Understands Music***

Vlader's potential is limitless, especially considering that he's secured bookings and support purely through his DJ skills, without ever releasing a track of his own.

Vlader, as his real name is, was not born a star. His journey began with drums and a pair of sticks in his early childhood, leading him to discover his passion for music and eventually join

his school's orchestra and band, winning numerous musical awards along the way. Even today, Vlader expresses his love for other genres, such as rock and classical music.

## ***The Beginnings: Hip-Hop as a Foundation***

At the age of twelve, Vlader became the DJ for his school, attracting over 400 people from the region to his events every two weeks. He was ahead of his time, turning professional at thirteen while his peers were still considering DJing a hobby. Concurrently, Vlader won awards as a B-Boy, touring Germany with his crew and later becoming a breakdance teacher with over 80 students.

In 1997, he DJed at the popular "Q Dance Club." Two years later, he became a resident DJ at several large discotheques, and by 2001, he was the head DJ for Partykingz in northern

Germany. His talent-scouting skills are legendary, with some of his students achieving recognition across Europe.

## ***Why Vlader is Relevant Beyond the DJ Scene:***

Vlader's name is well-established. He was hired by RTL for "Deutschland sucht den Superstar" parties and now DJs at "Battle of the Year," the world's biggest breakdance event. His fame also led to a position at MTV as an editor, where he was responsible for determining trends for the "German Black Charts" (DBC) and "German Reggae Charts" (DRC). His influence on the music scene has been profound, setting trends through his analyses published on various platforms.

## ***On Mastery: DJ Vlader as an Artisan***

The once-raw talent that was Vlader has now refined into a master DJ. He excels not just with two decks but with three, and in 2008, he introduced video mixing into his repertoire. Today, he's among the best in the world in this

category, regularly competing in and winning international awards. Vlader's video DJing capabilities are unmatched, with over 250 terabytes of original videos at his disposal, allowing him to tailor each event's vibe with precision.

## ***Unique Selling Points:***

Vlader's elite DJ status hasn't gone unnoticed by brands and companies. He's a representative and promoter for names like Rane DJ, Ortofon, Magma, and SmashVision, among others. His pioneering work in video mixing has also earned him a place in top video DJ societies like "Video DJ Booking" and "Video Music DJs." His name even appears in the Guinness World Records for participating in the longest DJ relay in 2013, where 125 DJs mixed continuously.

## ***On the Craft: Vlader as an Artist***

Vlader frequently travels to the United Arab Emirates, where he has been DJing in major clubs since 2011. In 2014, he was named "Middle East's Most Favorite Hip-Hop DJ." His reputation even extends to the Royal Family, for whom he is a welcome guest and DJ. He also DJs for the final Formula 1 race in Abu Dhabi and is currently booked for a tour across the United States, Canada, and South America, including stops in New York, Los Angeles, Las Vegas, Toronto, Sao Paulo, and Rio de Janeiro.

## ***Where Vlader is Currently Performing:***

Vlader's extraordinary achievements continue to impress. He has been booked multiple times to DJ the prestigious New Year's Eve Times Square Ball Drop in New York City, a coveted spot for any DJ. In 2023, he became the resident DJ for DAZN boxing fights and the KOK/Iqonique events, a leading global kickboxing brand. Vlader's influence in German rap is also notable, serving as the resident DJ for Samra, a chart-topping artist, and Kolja Goldstein, with major tours and festival shows planned for 2025.

## ***Collaborations with Bad Bunny and Marc Anthony:***

In 2020, Vlader supported Latin star Bad Bunny during his German tour, and in 2024, he collaborated with Marc Anthony, the multi-Grammy-winning salsa legend. As of 2024, Vlader is also a part of Maybach Music Group, touring the world as Rick Ross's official DJ.

**A Unique Feature:** Combining DJing with Breakdancing and MCing

Vlader's career is rooted in hip-hop, with elements of DJing and breakdancing being central. Now, he's adding MCing to his skillset, serving as a backup MC for both Samra and Rick Ross.

## ***A Final Word:***

In summary, DJ Vlader is a consummate professional with a global network and a vital role in the entertainment industry. And the best part? There's more music on the way that will surprise everyone... Stay tuned.

***"For an artist and DJ like me, any support is crucial. I'm grateful for all the support I receive, whether it's positive or critical. Success comes from people focusing on you, regardless of how they perceive you and your work. I also do it for my mother, who was and always will be my role model. She is my number one."***
